Save the Date: CS&C Cybersecurity Industry Day

The U.S. Department of Homeland Security, National Protection and Programs Directorate (NPPD), Office of Cybersecurity and Communications (CS&C) is pleased to announce the intent to hold a Cybersecurity Industry Day on December 16 and 17, 2015.

This will not be a procurement 'industry day' to talk about specific procurements. Instead, this event will provide a venue for CS&C to increase transparency about cybersecurity capability needs, challenges, technologies, requirements, and how to better do business with CS&C. The first annual CS&C Industry Day is divided into a two-day event, with different CS&C divisions presenting their top mission priorities, requirements, and future initiatives on each day.

The CS&C Cybersecurity Industry Day will be held on December 16 and 17, 2015 in the Washington DC area and will run from approximately 7:45am to 4:30pm. The NPPD Deputy Under Secretary for Cybersecurity and Assistant Secretary for CS&C are among the invited speakers.

Additional information, including event location and registration instructions, will be provided as an update to this posting no later December 1, 2015. NPPD, CS&C appreciates your interest in our mission and looks forward to seeing you for the CS&C Cybersecurity Industry Day.
